Good afternoon Weiming,

I was wondering if I could arrange a time to drop by and chat with you about the process for activating Iridium modems on the DoD network.

I have a list of active IMEI #'s that are active, and some that are no longer needed, and others that have not yet been activated. I also want to make sure I know what the process is and who I can contact about activating and deactivating in the future.

Are you in the office anytime Monday or Tuesday of next week?

Kind regards,
Sarah

Hi Sarah,

I am currently working part time and no longer working at the office. I can be reached via email or phone number 206-472-5269. I will be available to chat from 0830 AM to 1200 PM on Monday and 0600 AM to 1000 AM on Tuesday.

To activate SBD devices under DISA, please submit the list of IMEI# for the devices you wish to activate to myself or Katie Green along with the Direct IP addresses and Email addresses. We would then submit the activation request to DISA. Please allow 2 weeks lead time for the activation. To deactivate, please send us the list of IMEI# and we will submit the request to DISA.

Thank you!

Weiming

Good morning Weiming and Katie,

First off, thank you for your email and clarification. Do you have more info on how (or if) NOAA is charged for using the DoD network?

I know what email address our IMEI's are associated with.... ecofoci.popupsbd@noaa.gov , but I don't know which IP address is currently used... I can get back to you on that...

Please *deactivate* the following IMEI#'s:
300234064223670
300234064221610
300434063823800
300434063928220
300434063826810
300434063925210

Can you please *confirm that these IMEI#'s are ACTIVE* and associated with ecofoci.popupsbd@noaa.gov ?:

300434063861360
300434063477010
300434063470010
300434063863000
300434063474010
300434063477030
300434063471670

Can you please *activate* the following IMEI#'s and associate them with ecofoci.popupsbd@noaa.gov :

300434063924230
300434063479200
300434063472010
300434063863350
300434063479010
300434063862560
300434063471040
300434063472040
300434063471680
300434063764860
300434063473020
300434063470020
300434063472030
300434063474040
300434063663610
300434063863550

Kindly,
Sarah

Hi Sarah,

The SBD activation and services at DISA's network are covered under the interagency agreement between PMEL and DISA. In the past, Admin would make collections from each end user for the costs associated with how many devices sim card/SBD they have divided by the total charges from DISA. However, DISA just recently awarded the EMSS contract with Iridium in September and changed the structure of charging costs to all the strategic partners for the services and PMEL and the new rates for SBD activations/monthly service charges are TBD. I am in the process of finding out more details from DISA.

For the devices for deactivated:
300234064223670 and 300234064221610 were not found in the system. Please verified if the numbers are correct. The others were deactivated.

The following devices are active:

300434063861360
300434063477010
300434063470010
300434063863000
300434063474010
300434063477030
300434063471670

The request to activate the following devices have been submitted, I will let you know once they are confirmed activated:

300434063924230
300434063479200
300434063472010
300434063863350
300434063479010
300434063862560
300434063471040
300434063472040
300434063471680
300434063764860
300434063473020
300434063470020
300434063472030
300434063474040
300434063663610
300434063863550

Thank you!
